Professional Summary

Cybersecurity graduate with hands-on experience in governance, risk, and compliance (GRC), systems security, and network administration through academic projects and a cybersecurity internship. Experienced in documenting technical solutions, strengthening security processes, and supporting organizational security initiatives. Passionate about practical infrastructure, systems administration, and continuous learning while pursuing an entry-level cybersecurity or IT role.

Technical Skills

- Operating Systems: Windows, Linux (Debian-based)
- Networking: TCP/IP fundamentals, DNS, basic network analysis, system configuration
- Security: access control, RBAC, least privilege, email security (SPF/DKIM/DMARC)
- Scripting & Automation: bash scripting, cron job scheduling
- Platforms & Tools: WordPress, WooCommerce, Google Workspace, HubSpot, eFense vCISO
- Version Control: Git, GitHub, GitHub Pages, pull requests

Professional Experience

Cybersecurity Technician Intern

Twigs Naturals (Remote) | Jan 2026 – May 2026

- Developed and implemented an Access Control Matrix aligning user roles with system permissions based on least privilege principles
- Identified and mitigated a WordPress spam account vulnerability through configuration changes, reducing unauthorized account creation
- Designed an Email Security Enhancement Plan implementing SPF, DKIM, and DMARC to reduce phishing and spoofing risks
- Coordinated policy and SOP documentation, supporting compliance tracking and governance processes within the eFense vCISO platform
- Collaborated across departments to improve security posture through documentation, risk analysis, and system evaluation

Education

Old Dominion University, Norfolk, VA

Bachelor of Science in Cybersecurity | Aug 2023 – May 2026

GPA: 3.97

Virginia Western Community College, Roanoke, VA

A.A.S. in Information Systems Technology (Cyber Security & Network Administration) | Aug 2019 – May 2023

GPA: 3.871 | Summa Cum Laude

Certifications

CompTIA A+

Issued December 2022 | Renewed in 2025 | Expires December 2028

Credential ID 64MQCE7YLBEEQ451

Additional Experience

Order Fulfillment Assistant

Star City Games, Roanoke, VA | Aug 2021 – Present

- Process and verify customer orders with high accuracy in a fast-paced warehouse environment
- Organize and manage inventory through structured categorization and tracking
- Ensure quality control through attention to detail in packing and shipping processes
